

5 MOST COMMON MISTAKES OF TEACHERS

*Don't leave this page without spending
5 minutes*

evaluating how you find yourself culpable of all 5.

1. *We think learning only takes place in the classroom.*
2. *We only gather enough material to fill the class time.
The alternative is to enter "huntin' for 'coon but loaded for bear."*
3. *We don't make them think. We let them shift into "Sunday-School-Gear"
as long as they look prayerful, sanctified, and attentive.*
4. *We give away the answers too quickly. There is rarely a whole minute when the class
members are contemplating what has just been said.
All answers are rhetorical and nobody is put-on-the-spot to come up with the right
answer.*
5. *We cheat on our preparation time.*
